

FACILITIES BUILDING STANDARDS

Section 12 0000 Furnishings, Artwork and Wayfinding

Revision date: **01/04/2022**

Systems Furniture

1. Systems furniture shall be owner-furnished/vendor-installed. BOD is Steelcase Montage. A/E Design team, Contractor/CM must coordinate with Owner all electrical/comm coordination.
2. Millwork façade is acceptable at reception areas.

Laboratory Casework

1. Laboratory casework countertops may be epoxy, stainless steel, solid surface or chemical-resistant laminate, dependent on lab function. Coordinate with Shands.

Blinds / Roller Shades

1. Manual roller shades shall be provided as standard window covering (office, clerical, etc).
2. Motorized roller shades shall be provided in inpatient rooms. They shall have a control at the room entry and in the pillow switch.
3. Public spaces that are inaccessible shall have motorized shades.
4. Conference rooms shall receive A/V blackout shades.

Entry Mats

1. At building entries, set-in entry mat tile goods are acceptable. Verify on a per-project/location basis.

Artwork

1. All artwork to be curated and installed by Shands. Shands to coordinate security hardware at artwork.

Wayfinding

1. Wayfinding includes the following interior signage: department signs, room signs, directional signs and directories. This shall be coordinated by Shands. Interiors and Business Services Group shall be consulted.
2. Exterior signage shall be coordinated with marketing and VP of Facilities.
