

Heather B. Long, MSN
Chief Executive Officer
UF Health Central Florida

UF Health The Villages® Hospital

UF Health The Villages® Hospital, has been serving residents of The Villages® as well as patients in Lake, Sumter and Marion counties since 2002. At UF Health The Villages® Hospital, we are committed to providing advanced patient care, clinical training and research programs. Our teams of physicians and clinical staff work together to offer specialty services, advanced technology and clinical studies — bringing world-class health care closer to you and your loved ones.

We are part of UF Health Central Florida, a not-for-profit health care system and the largest most comprehensive provider of health care services in the region. UF Health Central Florida provides inpatient acute hospital services at UF Health The Villages® Hospital and UF Health Leesburg Hospital, inpatient rehabilitation services at UF Health The Villages Rehabilitation Hospital and diagnostic laboratory services at several locations. We take pride in providing progressive, innovative technology, along with building strong relationships with patients, families, physicians and residents of the communities we serve.
