# MENU & NUTRITIONAL INFORMATION

### ITEMS & INGREDIENTS

In this chart, we've included our most popular Sushi with Gusto items. Please keep in mind that with hand-crafted items such as these, a similar sushi item made by two different chefs can contain slightly different proportions of ingredients and, thus, the values for calories, fat, carbohydrates and protein will vary somewhat.

### SUSHI & RAW FISH

Some varieties of our products contain raw seafood. Consuming raw or undercooked seafood or shellfish may increase your risk of foodborne illness, especially for the elderly, young children under age four, pregnant women, and other individuals with compromised immune systems. If unsure of your risk, consult with your physician.
